Community Trade Mark was published

25.10.2013

The Estonian Patent Office in cooperation with OHIM published an online brochure on Community trade mark registration system.

The brochure provides a brief overview of legal protection system of Community design enabling to protect the trade mark on the level of the European Union.

The main procedures relating to protection of the Community trade mark from filing an application to the renewal have been covered.

It is meant for everyone, who wants to obtain primary knowledge on the possibilities of legal protection of Community trade marks.

It is available online on the web page of the Estonian Patent Office.
