

## **E-filing of PCT applications will be changed**

30.04.2015

WIPO online service [ePCT-Filing](#) for the Estonian Patent Office will be enabled since 1<sup>st</sup> May 2015.

ePCT will become the main tool that provides secure electronic access to the files of international applications filed under the PCT.

At the same time filing applications via software PCT-EASY will be terminated.

Detailed information is available at: [How to protect your invention abroad?](#)
