

The Estonian Patent Office joins the GPPH

03.07.2015

On Monday, 6 July 2015 the Patent Office will join the Global Patent Prosecution Highway (GPPH) pilot program.

This program enables the applicants to receive patents faster and in a more rational way and the Patent Office to make use of the work already carried out by the other patent office by making better use of the resources and avoiding duplication in examination process.

On 6 July 2015 twenty one offices all over the world are participating in the GPPH program.
