

## **WIPO rewards Estonian young inventors with reputable award**

02.10.2015

WIPO in cooperation with the Estonian Patent Office has set up [The WIPO Schoolchildren's Trophy](#) at the Estonian Contest for Young Inventors. WIPO Schoolchildren's Trophies are given to students for achievements in the field of intellectual property, e.g. invention, design, film-making and creative writing.

The Estonian Contest for Young Inventors is carried out for the 8th time and aims to recognize the outstanding research results in the field of science and intellectual property of school students, student teams, their instructors and teachers. All submitted ideas should try to help improve everyday life. Deadline for submitting the ideas is 15 October 2015.

The contest is carried out by the Estonian Research Council. Results will be revealed and awards given in Mektory on 10 December.
