

Board of Appeal

In the cases provided by law, the Board of Appeal resolves:

- 1) appeals filed to contest decisions, register acts, refusal to perform register acts or delay in performance of register acts by the Patent Office;
- 2) disputes between a third party and an applicant or owner based on revocation applications, requests for declaration of nullity of an exclusive right or for declaring an exclusive right extinguished, requests for revocation of legal protection afforded to an object of industrial property rights or other requests (hereinafter each referred to as request).

The working language of the Board of Appeal is Estonian.
