

Estonian Patent Office implements a Quality Management System according to ISO 9001:2015 standard

23.09.2019

The Estonian Patent Office has successfully completed the external audit that certifies the implementation of a Quality Management System (QMS) according to ISO 9001:2015 standard. The audit was carried out on 16th, 17th and 18th of September 2019 by the certification body METROSERT.

The implementation has been carried out within the framework of EUIPO European Cooperation projects.
