

The irregularity process between MIRIS and Madrid eFiling

How MIRIS issues an irregularity notification

After an examiner issues an irregularity notification, the following occurs

1. MIRIS sends a registered email to the applicant informing them about the irregularity notification using the email addresses provided by the holder/representative when creating the international application request in Madrid eFiling.

This is a Registered Email™ message from noreply@wipo.int.

Ref: = 1228076101

Dear Sir, Madam,

Please find attached a notification of an irregularity issued with respect to the international trademark application with basic (application / registration) number . This electronic notification replaces the transmission of the notification by ordinary mail (please refer to the term and conditions for electronic communication at http://www.wipo.int/edocs/madrdocs/en/2011/madrid_2011_36.pdf).

Please, also note that:

- 1) Certain irregularities can only be corrected via the Office of Origin.
- 2) Fee irregularities can be corrected online at https://webaccess.wipo.int/epayment/feeDetails_en.jsp?docID=1228076101

2. MIRIS sends the same irregularity notification to Madrid eFiling

How Madrid eFiling processes an irregularity notification

The receipt of an irregularity notification changes the status in Madrid eFiling from 'WIPO Processing' to 'Irregularity Pending' for both the applicant and office.

The applicant has initial ownership of responding to the irregularity.

Number	Office	Reference	Mark text	last updated	Paid	Status
2019 0696	LT	1255676501 - PROD	ignitis group	20.09.2019	Yes	Irregularity pending

How an applicant responds to an irregularity notification

The applicant can upload or provide a response directly

Irregularities issued by WIPO

A response must be submitted to WIPO, via the office of origin, before Aug 27, 2019

The certified mark description is incomprehensible

7. The certified description by words of the mark is incomprehensible or linguistically incorrect. The International Bureau suggests the following wording for the description:

Answer

+ Add files... Start all uploads Cancel all uploads

The signatory title is missing from the MM18 form

- the signatory's title has not been indicated

Answer

+ Add files... Start all uploads Cancel all uploads

The signatory name is missing from the MM18 form

- the signatory's name has not been indicated (printed)

Answer

+ Add files... Start all uploads Cancel all uploads

Once complete, the applicant needs to submit their response back to their office of origin

Basic application or registration WIPO has identified one or more irregularities. When complete, click the "Send" button to return the application to WIPO via the office of origin.

How an office validates an irregularity notification

The office should review and validate the response/s submitted by the applicant. Once the process is complete, the examiner validates the screen (same as the others) and submits the response to WIPO

Irregularities issued by WIPO ? ✔ Information is correct

A response must be submitted to WIPO, via the office of origin, before **Dec 03, 2019**

The term proposition(s) are too vague

1. The International Bureau considers that the following term(s) of the list of goods and/or services is/are too vague for the purposes of classification (Rule 13):

(class 42)

1) "consulting services dedicated to supporting healthcare professional groups through the implementation and the deployment of web-based software relating to group collaboration and productivity tools"

2) "consulting services dedicated to supporting healthcare professional groups through the implementation and the deployment of web-based software for improving exchanges between healthcare professionals and organizations namely, for scheduling, patient booking, product placement, messaging, customer relationship management, event management, meeting requests, information exchange and publication of training content"

The International Bureau suggests therefore the following:

(class 42)

1) "consulting services in the field of implementation and deployment of web-based software relating to group collaboration and productivity tools for supporting healthcare professional groups"

2) "consulting services in the field of implementation and deployment of web-based software for supporting healthcare professional groups to improve exchanges between healthcare professionals and organizations, namely for scheduling, patient booking, product placement, messaging, customer relationship management, event management, meeting requests, information exchange and publication of training content"

YOUR ANSWER MUST NOT BE SENT DIRECTLY TO WIPO BUT THROUGH YOUR NATIONAL OFFICE.

What the WIPO examiner sees

The process does not change in MIRIS. The examiner should note that all irregularity responses from Madrid eFiling must pass by the office of origin before returning to MIRIS
